

SPECIFICATION

Product Name	Bifidobacterium animalis subsp. lactis	
Product Model	GBW8051	
Specification		
Item	Criterion	Method
Sense	White or light yellow powder, with lactic acid bacteria unique smell, no other odor, No foreign impurities visible in normal vision	/
Moisture	≤6%	GB5009.3
Coliform bacteria	n=5, c=2, m=10, M=100	GB 4789.3 Plate counting method
Salmonella 25g	Negative /25g	GB 4789.4
Staphylococcus aureus, 25g	Negative /25g	GB 4789.10
Mould, CFU/g	≤50	GB 4789.15
Number of lactic acid bacteria, CFU/g	≥4.0×10 ¹¹	GB 4789.35
Lead (As Pb), mg/kg	≤1.0	GB 5009.12
1) Implementation standards : Q/NHNK 0005S.		
2) Package : 1kg/bag.		
3) Storage conditions and shelf life: frozen storage at -18°C, shelf life of 24 months.		
4) Number of lactic acid bacteria : 400B CFU/g		
5) milk or yogurt dosage : 5B~10B CFU for a bottle So suggest dosage is : 0.0125g-0.025g/ Bottle
